Other Important Information

This Aetna Dental® Participating Dental Network (PDN) benefits summary is provided by Aetna Life Insurance Company for some of the more frequently performed dental procedures. Under the Dental Participating Dental Network (PDN) plan, you may choose at the time of service either a PDN participating dentist or any nonparticipating dentist. With the PDN plan, savings are possible because the participating dentists have agreed to provide care for covered services at negotiated rates. Non-participating benefits are subject to recognized charge limits.

Out-of-Network plan payments are based on the 80th percentile of prevailing charges for the geographic area.

Emergency Dental Care

If you need emergency dental care for the palliative treatment (pain relieving, stabilizing) of a dental emergency, you are covered 24 hours a day, 7 days a week.

When emergency services are provided by a participating PDN dentist, your co-payment/coinsurance amount will be based on a negotiated fee schedule. When emergency services are provided by a non-participating dentist, you will be responsible for the difference between the plan payment and the dentist's usual charge. Refer to your plan documents for details. Subject to state requirements. Out-of-area emergency dental care may be reviewed by our dental consultants to verify appropriateness of treatment.

Partial List of Exclusions and Limitations* - Coverage is not provided for the following:

1. Services or supplies that are covered in whole or in part:
 - (a) under any other part of this Dental Care Plan; or
 - (b) under any other plan of group benefits provided by or through your employer.
2. Services and supplies to diagnose or treat a disease or injury that is not:
 - (a) a non-occupational disease; or
 - (b) a non-occupational injury.
3. Services not listed in the Dental Care Schedule that applies, unless otherwise specified in the Booklet-Certificate.
4. Those for replacement of a lost, missing or stolen appliance, and those for replacement of appliances that have been damaged due to abuse, misuse or neglect.
5. Those for plastic, reconstructive or cosmetic surgery, or other dental services or supplies, that are primarily intended to improve, alter or enhance appearance. This applies whether or not the services and supplies are for psychological or emotional reasons. Facings on molar crowns and pontics will always be considered cosmetic.
6. Those for or in connection with services, procedures, drugs or other supplies that are determined by Aetna to be experimental or still under clinical investigation by health professionals. (Does not apply to TX plans)
7. Those for dentures, crowns, inlays, onlays, bridgework, or other appliances or services used for the purpose of splinting, to alter vertical dimension, to restore occlusion, or to correct attrition, abrasion or erosion.

 - (i) after the end of the 12-month period starting on the date the person became a covered person; or

 - (iii) for a primary care service in the Dental Care Schedule that applies as shown under the headings Visits and Exams, and X-rays and Pathology.
16. Services given by a nonparticipating dental provider to the extent that the charges exceed the amount payable for the services shown in the Dental Care Schedule that applies.

*This is a partial list of exclusions and limitations, others may apply. Please check your plan booklet for details.

Your Dental Care Plan Coverage Is Subject to the Following Rules:

Replacement Rule

The replacement of; addition to; or modification of: existing dentures; crowns; casts or processed restorations; removable denture; fixed bridgework; or other prosthetic services is covered only if one of the following terms is met:

The existing denture, crown; cast or processed restoration, removable denture, bridgework, or other prosthetic service cannot be made serviceable, and was installed at least 8 years before its replacement.

The existing denture is an immediate temporary one to replace one or more natural teeth extracted while the person is covered, and cannot be made permanent, and replacement by a permanent denture is required. The replacement must take place within 12 months from the date of initial installation of the immediate temporary denture.

The extraction of a third molar does not qualify. Any such appliance or fixed bridge must include the replacement of an extracted tooth or teeth.

Alternate Treatment Rule: If more than one service can be used to treat a covered person's dental condition, Aetna may decide to authorize coverage only for a less costly covered service provided that all of the following terms are met:

- (a) the service must be listed on the Dental Care Schedule;
- (b) the service selected must be deemed by the dental profession to be an appropriate method of treatment; and
- (c) the service selected must meet broadly accepted national standards of dental practice.

If treatment is being given by a participating dental provider and the covered person asks for a more costly covered service than that for which coverage is approved, the specific copayment for such service will consist of:

- (a) the copayment for the approved less costly service; plus
- (b) the difference in cost between the approved less costly service and the more costly covered service.
