Department: Port Operations

Staff Contact: Paulo Soares

Background: The COVID-19 pandemic continues to impact Port Authority operations and employees and require staff to make emergency purchases.

Water Code Section 60.4035(a)(1) permits the Executive Director and authorized officers to make emergency purchases and contracts in amounts that exceed $50,000 if necessary to, among other things, “to preserve or protect the public health and safety of the residents of the district.” As the Port Commission has been advised, Port Authority staff has concluded that this statute permits these COVID-19 procurements without the customary competitive procedures or prior to Port Commission approval, and staff has endeavored to notify the Port Commission within forty-eight hours of such purchases as required.

At its May meeting, the Port Commission ratified a number of previous procurements that totaled more than $50,000. Additional emergency funding has followed.

1. Workplace Safety Screenings performs temperature screenings at Port Authority terminals.
   - On April 7 the firm was issued an emergency purchase order for $310,000 to perform temperature screenings at Port Authority terminals.
   - At the April 28 meeting the Port Commission approved an additional $370,000 that lasted until the end of May.
   - At the May 20 meeting the Port Commission approved an additional $720,000 that lasted until the end of July.
   - At the July 30 meeting the Port Commission authorized an additional $400,000 needed to continue these services until the end of September.
   - At the September 29 meeting the Port Commission authorized an additional $650,000 needed to continue these services.

2. Ambassador Services, LLC provides general cleaning services at the container terminals pursuant to two contracts totaling $800,000 that were previously approved by the Port Commission. Since mid-
March, additional services have been provided by the firm on a weekly basis, for disinfecting and sanitizing both facilities.

- At the May 20 meeting the Port Commission approved an additional $560,000 that lasted until the end of July.
- At the July 30 meeting the Port Commission authorized an additional $450,000 that has lasted until the first week of September.
- At the September 29 meeting the Port Commission authorized an additional $600,000 needed to continue these services.

Separately, due to COVID-19 social distancing requirements, since April additional vans provided by Transportation Rental Solutions LLC have been required for terminal workforce transportation. The cumulative amount paid to the firm is expected to soon exceed $50,000 for the four rental vans, which continue in use.

**Staff Evaluation/Justification:**
Accordingly, with the continuing need for emergency services related to the Port Authority’s COVID-19 response efforts, staff requests that the Port Commission authorize the following additional purchase order amounts:

- Workplace Safety Screenings - $875,000 for temperature screenings,
- Ambassador Services, LLC - $450,000 for disinfecting and sanitizing, and
- Transportation Rental Solutions LLC - $80,000 for van rental.

The requests will help the Operations Division continue to procure these emergency services reliably and efficiently through the end of January. However, the nature of emergency management and the duration of this specific pandemic response are unpredictable, hence future requests for additional funding may be required.
