

PORT HOUSTON™
THE INTERNATIONAL PORT OF TEXAS

Port Houston is Open for Business

Port Houston's public container terminals and multi-purpose facilities are open for business as usual maintaining normal hours of operation from 0700 Hrs. to 1900 Hrs., Monday to Friday. Regular services continue calling the port as scheduled.

Port Houston's dedicated team members along with our partners including the men and women from the ILA, our local community of truckers, stevedores, freight handlers, pilots, line-handlers, tug operators, CBP and various support vendors are working daily to ensure an uninterrupted supply chain for our region and economy.

Our operations personnel are physically separated from the truck gates which supports the importance of social distancing. We've also shifted some administrative functions to work remotely, placed temporary limits on non-essential face to face interaction and are regularly sanitizing commonly used areas.

For additional information, please contact your local Port Houston representative. Standard operational systems and contact information are available and remain the same.

Thank you,

Port Houston Team
