

PROJECT ADVERTISING SCHEDULE

PROJECT DESCRIPTION	PROCUREMENT METHOD	LOCATION	DIVISION	PRIMARY NIGP CODES
JULY 2019 TO JANUARY 2020				
JULY 2019				
Splash Zone Painting 2019 at Wharf 2	CSP	CARE	INFRA	91461 91484 81000 63159
Painting and resurfacing of Steel Bulkhead walls to prevent corrosion and structural damage.				
Industrial Park East - Annual Pavement, Drainage and Dust Control 2019	CSB	IPE	INFRA	91327 90976 90654 75045 92528
Dust Suppression, drainage, road patching, and paving.				
Turning Basin North - Ramp Road 7 Speed Gate	CSB	TBT	INFRA	91438 91430 28500 99000 20928
Gate Replacement, Electrical, and Fiber Optics.				
Turning Basin North - Remove and Replace Restrooms in the Transit Sheds and CD8 - Design	RFQ	TBT	INFRA	92533 96258
Design of new restroom facilities at Northside Turning Basin.				
Purchase of Intrusion Software	RFP	PHA	IT	20429 20447 72531 83883 68097
Purchase of Instruction software to monitor the PHA network for malicious activity or policy violations.				
Medical Self Funded Claims Administration	RFP	PHA	PEOP	91869 94982 95300 95348 95360 95377 95380 95861
Third Party vendor to provide claims administration for medical coverage.				
Group Employee Benefits-Fully Funded	RFP	PHA	PEOP	91869 94982 95300
To include dental, vision, life, disability and other ancillary coverages.				
Comprehensive Long-Range Plan Stakeholder Participation Support Services	RFP	PHA	INFRA	92537 90735 90775
Assist PHA staff in scheduling, conducting, and documenting a series of engagements with PHA stakeholders; including surveys, one-on-one meetings, small group presentations and public meetings.				

PROJECT ADVERTISING SCHEDULE

PROJECT DESCRIPTION	PROCUREMENT METHOD	LOCATION	DIVISION	PRIMARY NIGP CODES
JULY 2019 continued				
Restroom Restoration at Turning Basin North	RFQ	TBT	INFRA	92533 96258
Design services for new restroom facilities at Turning Basin Terminal.				
Care Terminal - Wharf 1 and Wharf 2 - Install Fender System	CSP	CARE	INFRA	95935 12035 91479 57068 91223 94130 92967 91485 92995
Installation of approximately 1100 LF of new fender system.				
138 Kv Substation Security at Bayport Terminal	CSP	BPT	INFRA	99050 99022 92037 28755 83883 91484
The project includes the installation of five surveillance cameras, 300 LF of new fencing, underground conduits, two poles, two manual gates and access control equipment for doors.				
AUGUST 2019				
Purchase of Filter Crusher	CSB	TB	POPS	07547 05533
Purchase a filter crusher for the Turning Basin Terminal.				
Rehabilitation of Wharf 8 at Turning Basin Terminal	RFQ	TB	INFRA	96258 92533 90976 91223 91430 91438 91484
Design services for rehabilitation of Wharf 8. Project will consist of structural concrete repair and fender replacement.				
Construction Material Testing for the Rehabilitation of Wharf 9 at Turning Basin Terminal	RFQ	TB	INFRA	90740 91842 92500 92517
Construction material testing on concrete, soil, and fender systems.				
Rehabilitation of Wharf 9 at Turning Basin Terminal	CSP	TB	INFRA	91484 91223 91438 90976 91430 96258 91360
Structural concrete repair, fender replacement, and geotechnical rehabilitation.				

PROJECT ADVERTISING SCHEDULE

PROJECT DESCRIPTION	PROCUREMENT METHOD	LOCATION	DIVISION	PRIMARY NIGP CODES
AUGUST 2019 continued				
Container Yard 3 Reconstruction at Bayport Container Terminal Design services for approximately 25 acres of concrete pavement for storage of containers as well as traffic lanes to maintain circulation into and around storage areas.	RFQ	BCT	INFRA	92533 96258
Fire Suppression System - Barbours Cut Terminal - Design The project consists of the design and construction of a fresh water fire suppression system for the terminal that will replace the existing salt water and fresh water systems. The new system will utilize one existing water tank with a capacity of 500,000 gallons and includes the installation of new pump, controller and emergency generator.
